FLORICULTURE

Founded in 1998, **Serena Group** is now the market leader in Europe (France and the Czech Republic) and in Africa (Tunisia and Morocco).

We are present in 27 other countries around the world through our agents.

We have been making and selling rubber bands for more than 20 years.

Bands with or without anchors made from 80% or 100% natural rubber.

Our range includes more than 100 sizes in natural or white, black, blue, green and red and other colours if you need them.

We also offer synthetic rubber bands of food industry sector quality and EPDM bands which are UV-resistant (for use outdoors or in wet environments).

We deliver around the world thanks to our international branches and our agents. We supply the motor and agriculture industries, printers and wine-growers, and all other sectors that use rubber bands.

PAll our sites are ISO 9001/2015 certified for your satisfaction.
